**HOOKS** - Marketed SKUs

**HITS** - Best Sellers

**HAPPY BOOST™** Proprietary  
Lens Tech

**PHOTOCROMIC** -  
Transition Lens

Born at the intersection of California youth culture in 1994, SPY+ is shaped by a fierce blend of Snow / Concrete / Water / Dirt / Art / Music.

Fueled by powder days, steep lines, and backcountry pursuits, we shatter the status quo in everything we do—from reimagining design to carving our own path down the mountain.

We're on a relentless hunt for those rare, unforgettable moments we call finding your Happy. Join us as we craft the highest-performance, tech-driven goggles and helmets that's rooted in authenticity and built for the fearless. Made for the core, thrill-seekers, and riders chasing their next adventure and pushing alternative style.

**SPY+ lives and breathes pure stoke—every damn day. WHAT'S YOUR HAPPY!?**

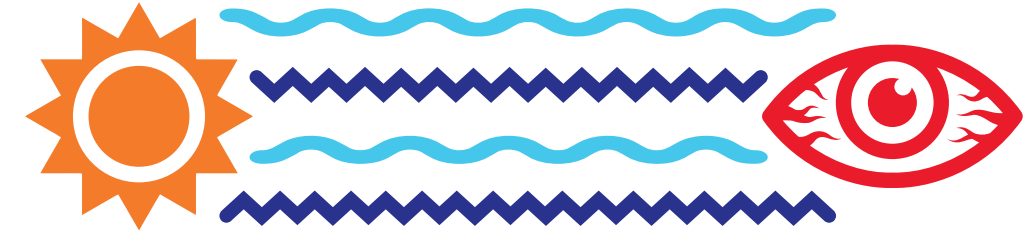

# HAPPY

SEE BETTER. FEEL BETTER.

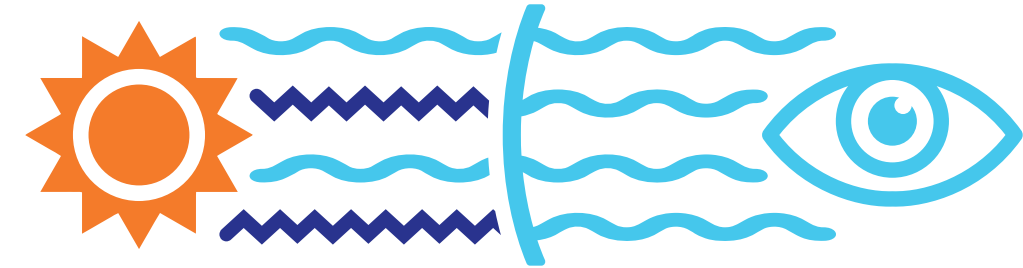

- + TUNED TO BOOST MOOD AND ALERTNESS
- + ENHANCES COLOR AND CONTRAST
- + PATENTED THERAPEUTIC TECHNOLOGY

## HOW HAPPY LENS TECH WORKS

The sun gives off different types of blue light rays that are both good and bad for your health and well-being.

Our patented HAPPY® Lens Tech lets in the GOOD LONG-WAVE blue light rays, which can boost mood and alertness and enhance color.

# HAPPY

LENS TECH

This is truly a life-changing visual experience you can see and feel.

# HAPPY BOOST

## SEE MORE. FEEL BETTER.

**SUPER-VIVID COLOR AND CONTRAST + HAPPYLENS TECH = HAPPY BOOST**

We created a lens with color so vivid and details so sharp, it will not only boost your mood, it will also redefine how you see the world. A truly euphoric visual experience.  
We call it **HAPPY BOOST**.

Waypoint NEW!

Introducing the Waypoint – Performance Redefined! The newly designed Waypoint takes performance to the extreme! Knowing the best visual experience in a goggle comes in a spherical shape, we’ve significantly expanded the peripheral field of view to 185°, giving you the edge when it counts. But we didn’t stop there—our Magnetic Quick Change Lens System, featuring 6 strong magnets, makes swapping lenses faster and more efficient than ever before, ensuring you’re always prepared for changing conditions.

FIT	Medium / Large
LENS	ARC® Injected Spherical Dual-Lens
COATINGS	Anti-fog / Anti-scratch
LENS CHANGE	6 Magnet Quick Change
BONUS LENS	Happy Low Light
PROTECTION	100% UV
VENTILATION	Scoop®
FOAM	3x Isotron™
FRAME	Polyurethane + ABS

- ✚ SPY+’s revolutionary therapeutic HAPPY™ BOOST lens tech is scientifically tuned to boost mood and alertness while enhancing color and contrast 30% more than the naked eye
- ✚ ARC® injected spherical dual-lens with anti-fog and anti-scratch coating maintains lens shape for optical clarity
- ✚ Six magnets securely guide the lens into place while the locking tabs snap it in. It’s a ride so secure you can plunder pow in peace
- ✚ Comes with a free premium bonus lens so you’re covered under any light conditions
- ✚ 100% UV protection shields your eyes against damaging high-altitude sunlight
- ✚ Durable and custom built from 100% recycled polyurethane and 82% recycled polyester for seasons of use

- ✚ Scoop® ventilation system increases airflow and decreases fog-causing sweat and moisture
- ✚ Reinforced venting foam creates a more robust barrier against the elements
- ✚ Triple-layer Isotron™ face foam with moisture-wicking Dri-Force™ fleece provides comfort while drawing fog-causing sweat off your face
- ✚ Subtle notches in the frame and face foam allow for seamless OTG (over the glasses) integration with Rx eyeglasses
- ✚ Integrates with SPY+ helmets and compatible with most other helmets on the market
- ✚ Silicone-lined XL (45mm) strap prevents the goggles from slipping on your helmet or headwear

# Marauder Elite

Created in the top-secret SPY+ lab hidden deep in the hills of Southern California, we bring you the Marauder Elite—a high-powered, magnetic Toric snow goggle built for the ultimate visual experience. The low-profile lens delivers crystal-clear distortion-free optics, while our revolutionary Happy™ lens tech boosts mood and alertness and enhances color and contrast. Equipped with six super-strong magnets for fast and easy lens changes, our patent-pending Deadbolt™ lens locking system provides worry-free snow-sliding.

# Marshall 2.0

The make-no-apologies Marshall has gotten a major attitude adjustment. We’ve taken the revered goggle that everyone knows and loves and added a toric lens that delivers insane visibility. A wider strap creates an improved fit, while SPY+’s Rise Ventilation System creates a vacuum effect that pulls hot air from behind the lens and quickly releases it to be sure your vision stays free of fog throughout your ride. Built from eco-friendly recycled materials, the Marshall 2.0 is a universal fitting fuss-free goggle with legendary style.

- ✦ Anti-scratch coating provides enhanced impact protection
- ✦ 100% UV protection shields your eyes against damaging high-altitude sunlight
- ✦ Custom built from flexible, durable polyurethane for seasons of use
- ✦ RISE™ ventilation system utilizes the Venturi effect to draw air through sub-frame vents above the goggles, creating a vacuum that pulls hot air from behind the lens
- ✦ Triple-layer Isotron™ face foam with fleece provides comfort while drawing fog-causing sweat off your face

Over-the-Glasses Compatible

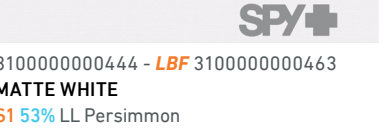

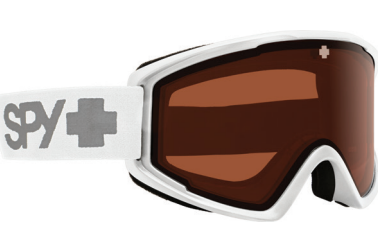

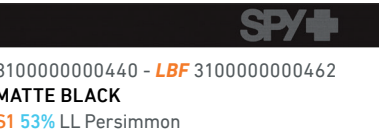

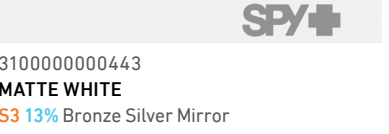

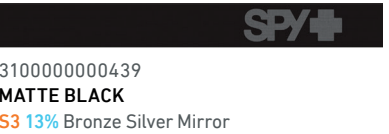

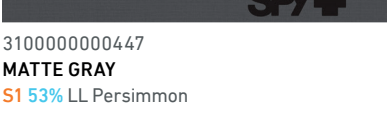

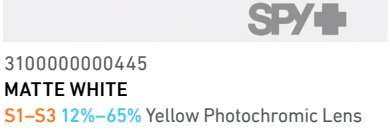

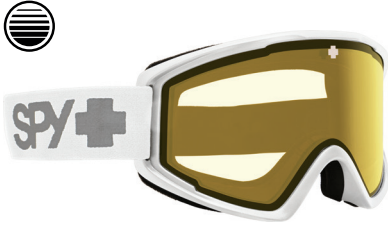

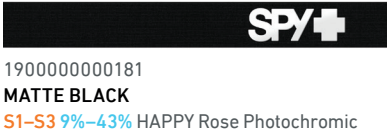

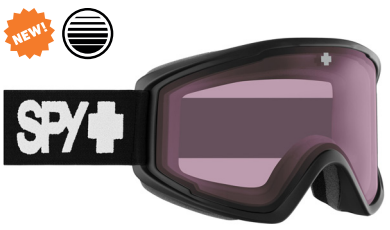

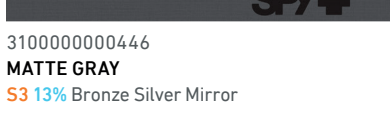

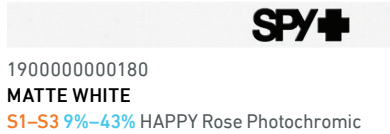

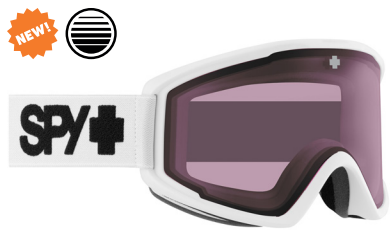

RISE™ Ventilation System

Helmet Compatible

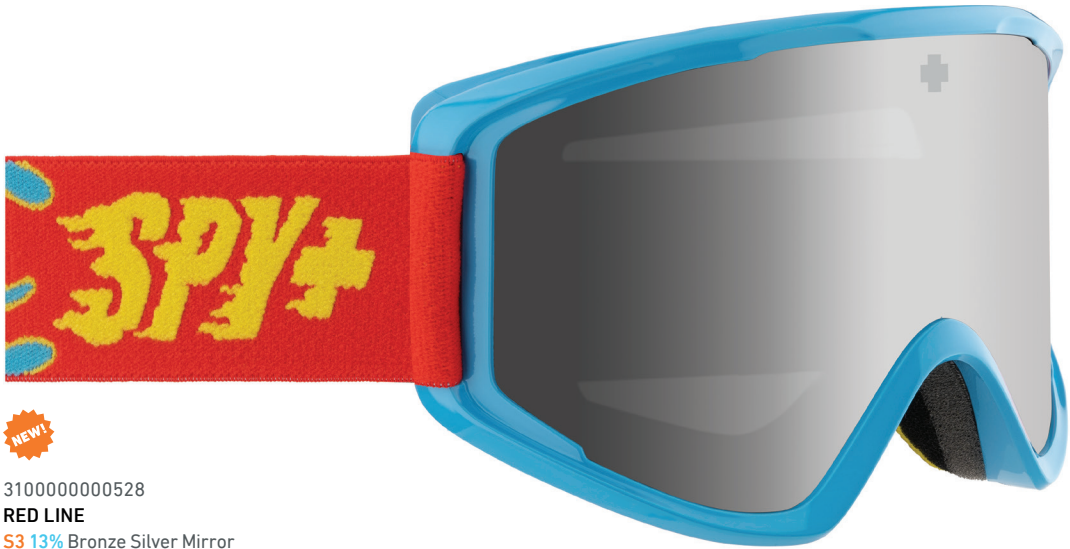

ECO-Friendly

- ✦ Subtle notches in the frame and face foam allow for seamless OTG (over the glasses) integration with RX eyeglasses
- ✦ Compatible with most popular helmets on the planet
- ✦ Silicone-lined (40mm) strap prevents the goggles from slipping on your helmet or headwear

# Lens Guide

Shred it all with no limits – SPY+ lens options are built for every kind of light condition. From dark mirrored shades for bluebird skies (S3) to clear shields for those late-night sessions (S0), each lens is fine-tuned to keep your vision sharp and riding on point. Consider it your all-access pass to crystal-clear views, no matter what Mother Nature's throwing down.

## FOR BRIGHTER DAYS

**S3 / 10–20% VLT**

### SUNNY

Dark base-lens with full mirrors, giving you optical clarity with enhanced color and contrast. Blocks max UV and sunlight, keeping eye strain in check on those bright, fully sunny days.

**S2 / 20–30% VLT**

### MIXED

Medium base-lens with partial mirrors for a clear view and boosted color and contrast. Perfect for those partly cloudy days when the light keeps changing.

## FOR DARKER DAYS

**S2 / 30–60% VLT**

### FLAT

Light base-lens that amps up light, color, and contrast so you can see clearly on overcast or cloudy days. Offers full UV protection and comes in both lightly mirrored and non-mirrored options.

**S1 / 60–80% VLT**

### LOW LIGHT

Bright yellow base-lens that intensifies light and color on darker, drearier days. Enhanced contrast reduces eye strain in low visibility. Built-in UV protection for complete coverage.

**S0 / 80%+ VLT**

### NIGHT

Clear lens that shields you from wind, snow, and branches. Ideal for night riding or under-the-lights sessions.

# SPY+ Helmet Tech

Dome safety is serious business, but that doesn't mean your helmet has to look that way. Designed to elevate your safety and style, our intergalactic shred shields are built with all the top-shelf tech necessary to protect your brain and packed with the style and flavor you've come to expect from SPY+.

## Mips® MIPS® BRAIN PROTECTION

Mips can reduce harmful forces transmitted to the brain from angled impacts to the head.

## ABS ABS CONSTRUCTION

Uses single injection to provide maxium resistance to impact.

## Snug Life SNUG LIFE FIT SYSTEM

Our dial adjustment system offers 360-degree flexible sizing for the perfect fit.

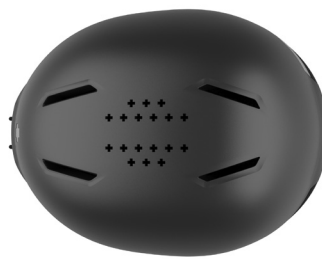

## GOGGLE RETENTION STRAP

Retention strap with oversized pull tab keeps your goggle strap in place.

## VENTILATION

**PASSIVE**  
Openings are placed at strategic points to ensure constant airflow, pushing out heat and preventing cold air from entering.

**ACTIVE**  
Adjustable, efficient, and easy to use, active venting allows you to change the level of air flow and expel heat.

# Waypoint + Neutron: A Perfect Fit

## RECESSED ABS

Internal recessed ABS molding to maximize comfort for goggle strap fit when worn internally.

## SEAMLESS CUSTOM INTEGRATION

The improved shape and curve of the helmet's brim perfectly complements the shape of the goggle, reducing any gaps.

## ALIGNED EXHAUST PORTS

Exhaust ports in the helmet line up with Waypoint's vents in order to remove hot air and keep you fog-free.

## GOGGLE OUTRIGGING

Outriggers on the goggle strap add flexibility for improved integration.

SPY+

# Neutron Mips

NEW!

Introducing the Neutron helmet, the brainchild of our wildest dreams and engineering brilliance. We didn't just slap some foam in a shell and call it a day—this beauty is an injected mold masterpiece that's so lightweight, you'll forget you're wearing it. It's packed with Mips for brain-saving tech, and our Snug Life dial guarantees a fit so precise, you'll feel like it was custom-made. And yes, we made it super cozy.

We're Proud to Be a B Corp™!

We fucking love our playground—Mother Earth. She's our endless canvas, the backdrop for our wildest adventures, and the space where we find our HAPPY.

At SPY+, positivity and progress aren't just goals—they're in our DNA. That's why we're stoked to announce that we've officially leveled up to B Corp™ status. We're now part of a global squad of businesses that live by the highest standards of social and environmental badassery—because making the world better isn't just a trend, it's a lifestyle.

From our mind-blowing Happy™ Lens Tech to eco-conscious bio plastics, recyclable packaging, and soy-based printing, we're constantly evolving. Are we perfect? Hell no. But every day we grind to be better—for ourselves, for you, and for this planet we all call home.

Let's keep moving the needle toward a brighter, happier future. One lens at a time.

SPY+ | B Corp Certified | Positivity in Progress
